RESPONSE TO NOTIFICATION OF DEFECTIVE RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

October 26, 2005

Dear Sir:

In response to the Notification of Defective Response dated October 19, 2005, the applicants respond as follows.

In the Notification of Defective Response, the U.S. Patent and Trademark Office alleged that the copy of the Sequence Listing in computer-readable form has not been submitted as requested in the Notification of Missing Requirements mailed July 11, 2005. In response, the undersigned and applicants respectfully disagree. First, a response to the Notification of Missing Requirements was provided on July 28, 2005. In this response, it was indicated that a copy of the "Sequence Listing" in computer-readable form was previously submitted on January 25, 2005, via Express Mail service, as evidenced by the enclosed copy of applicant's date-stamped postcard. A copy of the previous response is again enclosed.

Due to this evidence, the applicants have timely responded to the Notification of Missing Requirements. It would appear, based on the U.S. Patent and Trademark Office's request for a computer-readable form of the "Sequence Listing," that the U.S. Patent and Trademark Office has lost the previous computer-readable form submitted January 25, 2005, as evidenced by the enclosed

U.S. Patent Application No. 10/516,558

Response to Notification of Defective Response dated October 26, 2005

Reply to Notification of Defective Response dated October 19, 2005

copy of the U.S. Patent and Trademark Office date-stamped postcard. Thus, there was no defective response on the part of the applicants. Thus, the U.S. Patent and Trademark Office records are incorrect with respect to this point.

To assist the U.S. Patent and Trademark Office, a second computer-readable form of the "Sequence Listing" is submitted for the benefit of the U.S. Patent and Trademark Office. It is respectfully noted that all records at the U.S. Patent and Trademark Office should reflect the timely submission of the "Sequence Listing" in computer-readable form on January 25, 2005, as evidenced by the attached copy of the U.S. Patent and Trademark Office date-stamped postcard. The applicants reserve the right to seek correction in this matter should the U.S. Patent and Trademark Office not correct their records on this point.

The U.S. Patent and Trademark Office is encouraged to contact the undersigned should there be any remaining questions with respect to this matter.

In the event that any fees are due with this paper, please charge Deposit Account No. 50-0925.

Respectfully submitted,

Luke A. Kilyk

- A copy of the "Sequence Listing" in computer readable form has not been submitted as required by 37 CFR 1.821(e).
